## PLEA CAUSE OF CLASH ON BOARD ROOSEVELT TO SOUND 'KEY'

Mee Estate Seeks Reduction  
of Assessment on the  
Emeryville Track

Opposed by Civic Association;  
Board Goes to Park to  
Investigate

A clash between the Mee estate, owners of Shell Mound park and the Emeryville race track, and the Alameda Civic Association, over the question of assessing the valuable holdings of the estate was forecasted this morning at a session of the county board of equalization.

John Hubert Mee, representing the estate, appeared before the board this morning with a request for a reduction in assessments from \$32,500 to \$20,000, claiming that the abolition of racing in California had rendered valueless improvements at the race track, valued by the assessor at \$54,700.

He asked that these improvements, which include all the stables and buildings, be reduced to \$3000 and that the tax of \$2000 on personal property be canceled as there was no personal property there at the present time.

J. W. Phillips, representing the Alameda Civic Association, served notice on the board that his organization was prepared to vigorously oppose the figures of the assessor and demanded that the committee from the association be heard before any action was taken.

Mee demanded to know whether any members of the association had investigated the property personally. Phillips replied that they had, and mentioned the names of Robert Jackson, Ed Bull and Hugh Craig as men who were acquainted with the facts in the case. He promised to supply Mee with the names of others before Friday.

Mee's suggestion that both sides might get together and find out where they disagreed.

**BOARD GOES TO TRACK.**

The board this afternoon went to the race track themselves to look over the situation there and obtain first hand information. The request for a reduction in assessments will be argued Friday morning.

In the absence of Supervisor Mullins, Supervisor Bridge acted as chairman of the board.

The request of Mrs. George D. Hallahan for a reduction of assessment on property at Twelfth and Castro streets from \$16,000 to \$13,000, the city assessor's figures, was denied.

William R. Thomas' petition for a

**Albaloma First Under Wire  
in Pleasanton Race Meet**

PLEASANTON, July 24.—The four-day track meet through which it is hoped, in a measure, to revive the days of the "old sport" in California, opened this afternoon in the historic race track here. The attendance, while fair, was not up to the expectations of the promoters who, however, hope for a larger crowd on the days that follow.

Today's meet, however, was not up to the expectations of the promoters who, however, hope for a larger crowd on the days that follow.

## A. SHAFRAN LEAVES FOR NEW YORK

Popular Merchant to Make Six Weeks' Trip to Fashion Center.

A Shafraan of Shafraan's Cloak and Suit House has left for New York on a six-week buying trip.

This season Mr. Shafraan will buy more extensively than ever before.

His new store, on Clay street, is one of the handsomest cloak and suit houses on the coast, and as the trade in Oakland is constantly demanding larger and better stocks of merchandise to choose from, Mr. Shafraan intends to be in the lead with an immense assortment of new fall styles.

## NAVAL RIVALRY OF POWERS INCREASES

Winston Churchill's Speech Arouses Diplomatic Interest of Europe.

(Continued from Page 1.)

Churchill in the House of Commons. The continuation of the rivalry between those two countries causes a note of regret here, but there is an inclination to believe that it must go on, and that France should learn a lesson from England's procedure and further increase her navy.

The Matin, commenting on the subject, says it is in a position to declare that Italy and Austria, at the instigation of Germany, are about to build additional super-dreadnaughts, in regard to which nothing has been permitted to transpire. Italy is to construct six of these vessels, each of 20,000 tons displacement, and capable of steaming at a speed of 25 knots, while Austria is to build three, each of them displacing 26,000 tons. The newspaper continues:

"The fulfillment of this program will destroy the present naval equilibrium in the Mediterranean and give a big advantage to the triple alliance."

**WIDE DISCUSSION**

LONDON, July 24.—The speech of Winston Churchill, First Lord of the Admiralty, on the supplementary naval appropriation has provoked widespread discussion at home and abroad. It is held in some quarters to preface the institution of a naval law similar to the German measure to provide a systematic growth of the navy over a series of years.

**CANADA INTERESTED**

OTTAWA, Ont., July 24.—While details probably will not be announced until the return of the Canadian ministers from London, Winston Churchill's speech in Parliament is interpreted here as a final and official indication that Mr. Borden, the Premier, has promised a definite emergency contribution by Canada to Great Britain's navy.

**THIRTEEN INJURED IN TRAIN WRECK**

ST. LOUIS, July 24.—Eleven passengers and two of the train crew were injured early today when a Frisco passenger train No. 8, en route to St. Louis from Oklahoma points, was derailed near Lebanon, Mo. Besides the tender, which jumped the track and caused the accident, two baggage cars, one chair car and a day coach left the track and slid down the embankment.

**FALL FROM BUILDING FATAL FOR LABORER**

DAN CARLETON, an iron worker whose home is in Menlo Park, fell from a scaffolding on the new Kahn Arcade, San Pablo avenue and Fifteenth street, last evening and sustained injuries which resulted in his death before he could be given medical aid. Carlton was 85 years of age. He was single and the authorites have not learned anything concerning his relatives.

**ROCKEFELLER GIVES \$15,000 TO Y. M. C. A.**

FORT COLLINS, Colo., July 24.—John D. Rockefeller has donated \$15,000 to the Y. M. C. A. conference camp at Estes Park. A. H. Hyde of Kansas City also has donated \$10,000 and C. D. Dodge of Colorado Springs has forwarded his subscription for \$8,000. The money is to be used for the erection of buildings at the camp.

## POLITICS SIZZLING ALL OVER COUNTRY

Progressives Discover Many Rocks in Campaign Road.

(Continued from Page 1.)

within the party and seeking to leave it with their ideas than by hating and trying to build up a new party.

What the correspondents say about Roosevelt and the "bull moose" movement would not please the political dictator of Sigmore Hill, and their opinion of "haters" and "liars" requires some of the strongest adjectives known to Mr. Webster to make it fully clear.

### Makes Denial of Roosevelt Claims

WASHINGTON, July 24.—Specific denial of the claims of the Roosevelt managers that their candidate had been improperly deprived of delegates in the Chicago convention in the contested cases brought before the national or credentials committee was made in a speech delivered in the House today by Representative Mondell of Wyoming, who was a member of the credentials committee. He characterized the contests as "mere bluffs" without shadow of substance.

### Wife of Candidate Honored by League

NEW YORK, July 24.—Mrs. Woodrow Wilson, wife of the Democratic presidential candidate, has accepted the invitation of the Woman's National Democratic League to become its honorary president.

**Kansas Taft Men Wage War on T. R.**

HUTCHINSON, Kan., July 24.—Judge Branning, in the District Court yesterday, refused to make permanent the temporary injunction forbidding county clerks to print the names of Roosevelt electors on Republican primary ballots. He extended the temporary injunction for two days and gave the Taft attorneys till Thursday noon to appeal the case to the Supreme Court.

It was announced last night by one of the Taft attorneys that preparations are being made to carry the case to the United States Supreme Court.

### Colonel Approves of Term 'Bull Moose'

OYSTER BAY, N. Y., July 24.—Colonel Roosevelt's neighbors in Oyster Bay adopted the name "Bull Moose" and thereafter the Roosevelt Progressive Club of Oyster Bay formed last week, will use it. Doubts that the colonel would approve the name were cleared away by the colonel himself. In his speech in New York he said:

"I see the bull moose is a pretty vigorous animal."

### Iowa Progressives Hold State Convention

DES MOINES, July 24.—Iowa Progressives today held their first state convention, the purpose of which was to name delegates-at-large and by districts to the national convention at Chicago.

Provisional National Committeeman John L. Stevens of Boone introduced the temporary chairman, Frank Standish of Cedar Rapids, and every county in the state was represented. Most of the work of the convention had been done by the committee, when the convention opened and the main business of the delegates was simply to approve the reports presented to them.

### T. R. Takes Day Off by Going on 'Hike'

OYSTER BAY, N. Y., July 24.—Soon after sunup today Colonel Roosevelt was at work in his library, so he might "have a day off." After an early breakfast and Mrs. Roosevelt disappeared trudging down the hill toward Oyster Spring Harbor.

Colonel Roosevelt has obtained a copy of the full report of the Stanley Congressional investigating committee, and expects to make reference to it in his speech on August 5, before the delegates to the Chicago convention.

The speech will be one of the longest which the Colonel has ever made, and he has given instructions that unusual precautions be taken to prevent its contents from becoming known in advance of delivery.

He saw the necessity of the Niles bridge and has brought it to a suc-

cessful realization, despite the many legal difficulties under which he worked. This structure was a great necessity as yet there were many difficulties to be overcome, as there was an entirely new lake between the older. But despite all that had to be overcome, the bridge, which will be one of the handsomest in the state, is soon to be begun.

The Niles canyon boulevard is another piece of work that has been undertaken by Supervisor Murphy for the benefit, not alone of his district, but of all travelers and for increasing the reputation of Alameda county for having the best roads in the state.

Murphy has served, but little more than a year, on the board of supervisors, for he was appointed in January, and on the 18th of this month, yet in that time he has proved himself one of the best members. He has given the most careful attention to the work of the county and has been faithful in his attendance upon meetings, although his home is the furthest removed from the county seat of any member.

Supervisor Murphy has shown himself to be most careful in his attention to the wants of his district, and yet he has served that section with a proper regard to the integrity toward the rest of the county. He has been quick to see what was needed by his section and has been active in securing what was needed. His standing with all of the members of the board has enabled him to accomplish much that could not otherwise have been done.

cessful realization, despite the many legal difficulties under which he worked. This structure was a great necessity as yet there were many difficulties to be overcome, as there was an entirely new lake between the older. But despite all that had to be overcome, the bridge, which will be one of the handsomest in the state, is soon to be begun.

The Niles canyon boulevard is another piece of work that has been undertaken by Supervisor Murphy for the benefit, not alone of his district, but of all travelers and for increasing the reputation of Alameda county for having the best roads in the state.

Murphy has served, but little more than a year, on the board of supervisors, for he was appointed in January, and on the 18th of this month, yet in that time he has proved himself one of the best members. He has given the most careful attention to the work of the county and has been faithful in his attendance upon meetings, although his home is the furthest removed from the county seat of any member.

Supervisor Murphy has shown himself to be most careful in his attention to the wants of his district, and yet he has served that section with a proper regard to the integrity toward the rest of the county. He has been quick to see what was needed by his section and has been active in securing what was needed. His standing with all of the

# CO-OPERATIVE ASSOCIATIONS FIGHT INCREASED COST OF LIVING

## RECALL OPPOSED VIGOROUSLY AT NEIGHBORHOOD MEETING

### Women Hear Real Reason for I. W. W. Efforts to Discredit Oakland Administration

(Continued From Page 1)

About ten years ago there gathered in a large city in England three men who formed the first co-operative buyers association. The continual area in which prices had outrun their means and their families to the point where it was almost impossible to make both ends meet. They conceived the idea of co-operation in buying groceries, clothing and other necessities for their families. They began to save a few dollars monthly, though a small saving was a big item to them.

From this modest beginning has grown several monster buying associations which have spread all over the country. In England the membership millions of business men, working men, tradesmen, mechanics and, in fact, every class.

The saving has been tremendous, and it has now reached the point where the individual buying has made a marked difference in the income of each member of the association.

We have co-operative associations here in America, but they are run on a somewhat different plan and are known here as chain stores and are known as such fact that goods may be bought at these chain stores in any line of business—much lower than from the individual dealer.

The piano business on the Pacific Coast is a notable instance. In the Ellers Chain of Forty Stores the Co-operative Plan has been reduced to a science.

This house, by a system of buying only in carload and frequently in railhead lots and placing these large shipments immediately on sale at a small margin of profit, is enabled to sell pianos on a lower basis of profit than even the buyers of the co-operative associations in England.

Manufacturers, in order to keep their plants running, especially during the summer months, are very glad to make arrangements of the most favorable nature with this big chain of stores, and this results in co-operation in the truest sense, the manufacturers and the Ellers Chain of Stores or the like and the consumers of buses doing their part by buying so many pianos that we can afford to sell at the very lowest profit.

The co-operative system of the Ellers stores is very different from the old system of buying. In the past the buyer who paid his bills promptly was in many cases compelled to make up the loss of the buyer who would not meet his payments.

Under the Ellers Co-operative Plan this condition is completely changed, the buyer who buys on credit is given a premium for his promptness and is not made to suffer for the poor-pay buyer.

The prices of high-grade pianos, under the co-operative system, have been greatly reduced, the reductions amounting to from \$100 to \$250 lower than the old system of buying.

We are selling pianos that would be priced under the old system at \$400 for \$237; \$300 instruments go at \$216, while there are beautiful high-class pianos that formerly cost \$1,000 selling as low as \$310 and \$158.

In player-pianos the reductions are equally as great. The regular \$600 and \$550 styles are sold now at \$485, on payments of \$1 a week; \$500 and \$550 styles at \$395, on payments of \$5 a week.

The greater player—made containing every expression device for the production of "Personal Music," possessing many features that are lacking in instruments sold for \$1250 by other dealers—we are now selling under the Co-operative Plan for \$100.

In a different manner the Co-operative Selling Plan of Ellers Forty Stores has brought about the same results in even greater degree than the co-operative buying system.

"In today let us explain to you the new Co-operative Plan, whereby you can buy pianos on terms of \$1 a week, and player-pianos on terms of \$2 a week, and save from \$100 to \$200 on each instrument. Remember that we take your talk machine or old piano as part payment at its full value.

Ellers Music House, 1448 San Pablo avenue, Oakland.

## BATTERY CHARGED AGAINST MEDIUM

Miss Clara A. Prentice Says J. W. Shaw Attacked Her.

Claiming that when she exposed the trickery which she says J. W. Shaw, a fortune teller and astrologist, practiced upon her, he attacked her and tried to burn her hair off at Twelfth and Broadway, Miss Clara A. Prentice, 2004 San Pablo avenue, swore out a warrant for the arrest of the clairvoyant this morning, charging him with battery.

Miss Prentice declared this morning that Shaw was a fraud, but soothed her feelings by charging him with battery. Miss Prentice was accompanied to the office of the prosecuting attorney by her uncle, J. P. Henderlech of Modesto.

According to the story told by the young woman, she and her uncle went to the fortune telling place last evening. She was after accepting 40 cents from Henderlech, who advised her that "evil spirits" surrounded him, and offered to dispel the malign influences of which he declared there were 33, at a dollar per spirit.

Miss Prentice was given a chance to discover her future by writing questions on slips of paper. She says she discovered the medium in the act of attempting by sleight-of-hand to exchange a slip of paper with her for one on which the questions were written.

According to this story Prentice denounced the medium, and refused to pay for the "sooth-saying." She declares that he tried to throw her out, and tore her dress in doing so.

**LAWLOR FAILS TO APPEAR IN COURT**

SAN FRANCISCO, July 24.—Timothy Lawlor, the former prize fighter and restaurant keeper, accused of white slavery, failed to appear for arraignment in Judge Dunn's court, this morning. When neither Lawlor nor his counsel were on hand, the court directed that he be held in custody on a \$1,000 bond.

The commissioning officer, Captain Henrietta Bretagne, for bearing whom he is under sentence of six months in the county jail.

**SAOOONMAN'S SON GIVEN SCHOLARSHIP**

CHICAGO, July 24.—John Larson, 19 years old, employed in his father's saloon as a bartender, has been selected by the Princeton club of Chicago for a scholarship, and will have his expenses paid for our years at the University by the club. Larson graduated from the Evanston academy in June, paying his expenses out of his own earnings. He was selected as a "man of all around ability."

Mrs. Porter, who acted as chairman of the evening, spoke of the need for serious thought as to the attack being made at present upon the sanctity of the home by the Socialists and I. W. W. elements in the community.

"This is a matter in which we women must interest ourselves in a vital manner," declared Mrs. Porter. "We are now citizens, but more than that, we are mothers and keepers of the home. Some day our boys may be officers in the army and sailors in the navy. If we do not repudiate these elements in the community these boys and girls of ours may be subjected to like treatment, and the time will come when no decent citizen will wish to subject himself to the trials and difficulties of so thankless a place as that of servant of the community.

"The newly-enfranchised citizens of this community are asking a great interest in the present recall campaign. The women of Oakland are proving that, endowing the ballot, they take an equal interest in the affairs political, but we women voters have a great deal larger task confronting us in opposing and voting against the recall.

"They wished, unmolested, to assail all forms of religious teachings, all forms of law and order in the most unspeakable and vile language. No man, woman or child should be protected against the assaults on common decency. They must shout forth their curses and obscenity without hindrance and in defiance of the police officers who were told to protect the citizens of this city.

"When the people of Oakland elected the present city officials they did so with the understanding that the laws of the community would be enforced.

"They wished, unmolested, to assail all forms of law and order in the most unspeakable and vile language. No man, woman or child should be protected against the assaults on common decency. They must shout forth their curses and obscenity without hindrance and in defiance of the police officers who were told to protect the citizens of this city.

## NEW RULE GOVERNS SCOW SCHOONERS

Vessels Cannot Begin Discharge of Cargoes Before End of 48 Hours.

A new order for doing away with the congestion of the city wharves of Oakland has just been given out by City Wharfinger Greer. During the past years and up till today scow schooners were allowed to begin discharging their cargoes immediately upon tying up at any of the local wharves owned by the city. This has caused considerable confusion as the scows, upon tying up at the wharf, would unload their wares and then lay idle alongside the empty wharves charge double the cost of the loaded rate. The new order against this practice will not in the least affect the time schedules of the scow captains, but will be useful in doing away with the usual confusion caused by immediate discharge. The new rule is already in use in other cities along the coast. It makes it necessary for a vessel, unless otherwise notified, to lay alongside the wharf forty-eight hours before beginning to discharge. This will do away with the former confusion and congestion of the docks and will also narrow down the chances of unscrupulous skippers getting away without paying up the wharves charge. Greer has notified the various operators of these small craft of the change.

The barkentine James Johnson, Captain Hanson, arrived here late yesterday afternoon after a passage of four days and thirteen hours from Mukitao. The big windjammer was brought down the coast by the steamer Falcon which, after cutting loose from her tow, continued on her way down the coast to San Pedro. The Johnson was brought in by tug yesterday and laid alongside a berth at the Sunset Lumber Company's wharf, where she is discharging a lumber cargo. The cargo of the Johnson is the second largest to be brought to this side for discharge this year, the vessel carrying 1,700,000 feet of lumber, 900,000 feet of which will be discharged at the local concern's wharf.

### LINERS DEPART.

Two big liners sailed through the Golden Gate today, both vessels leaving from the San Francisco side. The first vessel to leave was the Union Steamship Company's steamer Manuka, Captain John Robert Stringer, which departed from the Folsom street wharf shortly before noon for Papeete and Rarotonga, in the South Seas and Wellington and Sydney in Australia and New Zealand. Among those who are making the passage on the Manuka are Theodore Noyes, editor of the Washington Star; Captain H. Blood and Captain H. Ferguson of the United States army; W. N. Hedges, a member of the Australian Federal Parliament; Mr. and Mrs. G. H. McLaughlin of Sacramento; M. Giraud, governor of Papeete, accompanied by his wife and child; Francis Gilbert of Los Angeles and a number of others.

The other big liner to sail was the Mateo steamer Lurline, Captain Wedden, which left pier 28 for Honolulu shortly after noon. As with the case with Manuka the Lurline's cabin list included many well known persons. Among those who are sailing on the Lurline were Rev. and Mrs. F. L. Goodspeed of Oakmont, Colonel J. F. Morrison and Major George Blakely, connected with the United States quartermaster's department, and G. J. Wallace, president of the Hawaii Meat Company.

After loading a 500 ton cargo of cement at Long wharf the Loop Lumber Company's steamer F. S. Loop sailed yesterday for Puget Sound.

The steamer Hazel Dollar, Captain Gow, of the Delta line, sailed yesterday from Long wharf at 12 m. for Columbia river. The steam schooner Ravalii, Captain Nelson, at Long wharf loading cement for Europe. In addition to her cement pickup the Ravalii will also load several tons of freight for the north.

The steam schooners Jim Butler and Newburg arrived today at Long wharf to discharge lumber cargoes.

### POLICE TO CHAPERONE SPOONERS IN PARKS

SACRAMENTO, Cal., July 24.—Spooners in the city parks and squares hereafter will be done under police surveillance. After the suggestion of City Commissioner Mrs. A. J. Johnson the special policemen employed by the city will make it one of their duties to keep a watchful eye upon all affectionate couples during the evening hours.

## WORK RESUMED TODAY ON NEW CITY HALL

### MAYOR MOTT ASSURES UNIONS THERE IS NO BASIS FOR COMPLAINT

Work was resumed on the new City Hall this morning, although the controversy over the carrying of rock and sand by non-union teamsters has not been definitely decided. Mayor Frank K. Mott and City Supervising Architect John J. Donovan assured the representatives of the Building Trades Council today that on no conditions would rock be accepted at the city hall unless this was hauled in union wagons, and on this assurance the building contractors, stone masons and other workmen, stonemasons and others, went back to work.

"The Hobbing Construction Company must go forward with work, and must do it with regard to the stipulation as to union material," declared Mayor Frank K. Mott this morning. "We have told

the men that they must do this, and there will be no more trifling with the matter. Not a wagon load of rock will be accepted unless these conditions are complied with, as in the agreement, and if the Hobbing company fails to carry forward the work as it should, we will have to be severe with the concern."

"The other contractors and workmen are ready to continue work, and will do so on the understanding that there be no violation of this agreement. There is no more talk on the part of the contractors or the concrete workers, who are finishing up some of the work. We hope for a definite settlement of the matter as a result of a conference with Blake and Bilger and other sub-contractors this afternoon."

**EXPECT MISTRIAL  
IN DARROW CASE**

Defense Charges Juror's Illness Was Feigned; Ask Investigation.

ALAMEDA, July 24.—A mistrial under sensational circumstances is imminent in the case of Clarence S. Darrow, on trial for alleged jury bribing.

Attorneys for the defense are said to have charged, in a conference with Judge Hutton today, that the illness of Juror L. A. Leavitt was feigned and asked for an immediate investigation by the court.

**SITUATION SERIOUS.**

Although much secrecy was maintained concerning the conference, Judge Hutton admitted this afternoon that a serious situation had arisen, but he refused otherwise to discuss the matter, except to say that there would be another conference later in the day with attorneys for both sides.

The judge expressed the belief, however, that some way would be found to proceed with the trial.

Further information was said to have been given Judge Hutton today to the effect that the Juror Leavitt's opinions regarding the guilt or innocence of Darrow had been so freely discussed at El Monte, his home, prior to his taking a place on the jury, that they became a matter of common report among his neighbors.

For this reason, the defense attorneys are said to have asserted that Leavitt feigned illness for the purpose of being excused from the jury.

Under the law the alternate juror can be used only in the event of the death or illness of a regular juror and because of this provision the defense is said to have sought to avert publicity and have Leavitt's place filled without making formal charge of a disqualification against him.

Should the court decline, to excuse Leavitt and precipitate the filing of formal charges against the Juror, a mistrial may result before the case goes to the jury.

### MOTORCYCLIST BADLY HURT IN COLLISION

SAN FRANCISCO, July 24.—Thos. Love, who lives at 17 Eighth street, Oakland, and is employed by the San Francisco Gas and Electric Company, was painfully hurt in an automobile collision last evening and is at the Hahnemann hospital. Love was riding a motorcycle along Lake street, when at Twenty-fourth avenue he collided with a car driven by Geo. A. Bowen of 69 Devilsader street. His machine was wrecked and he was pitched to the pavement. Bowen picked him up and conveyed him to the hospital, where it was discovered that his right leg had been broken in two places.

**COMPLETES CENSOR BOARD.**

SAN FRANCISCO, July 24.—The new board of censors on moving pictures was completed by Mayor Ralph yesterday and the five members now comprising the board are Miss Mary Ashe Miller, James S. Webster, E. M. Hecht, P. W. Wobber, and Corporal Coshen. The new board will meet on the first of August and organize.

### FREE TEXT BOOKS ARE SOUGHT FOR PRISONS

SACRAMENTO, July 24.—A brief letter from Warden James A. Johnson, Prison Superintendent, received yesterday by State Superintendent of Public Instruction Edward H. Hyatt, will start a movement which may result in an amendment to the state law governing the free distribution of state text books to reform schools, orphan asylums, and similar institutions, so that it will include the two state penitentiaries.

Johnson's letter asked Hyatt for a supply of books for the classes which are held at Folsom for the convicts, but Hyatt had to answer his request by pointing out that the state law did not include the state prisons as recipients of free books. Johnson will probably talk to the commissioners with some of the state legislators for the purpose of having the law amended.

### GUNBOAT YORKTOWN WILL BE REPAIRED

VALLEJO, July 24.—The construction department at the Mare Island navy yard received authority yesterday to do \$100,000 worth of repairing on the gunboat Yorktown, which was recently placed out of commission. As the vessel was of an obsolete type a board of survey had been called to determine whether the vessel should be repaired or sold. The board recommended for repairs. Work will be done immediately.

**THE CHOICE OF A MARRIED**  
is to be married to a woman who is handicapped by weakness, bad blood or foul breath. Avoid these kilts by taking Dr King's Life Pills. New strength, fine complexion, pure breath, cheerful spirits—things that win men's favor. Easy, safe, sure, the Osgood Bros.

## EVENTS OF WORLD AT OAKLAND PHOTO

Pathé's Famous Weekly Illustrates Happenings in Many Sections.

The most interesting feature at the Oakland Photo Theater today and until next Saturday, inclusive, is Pathé's Weekly No. 30, showing in pictures the world's current events of the past week, some of which are as follows:

Bridgeport, Conn.—Unfurling the largest flag in the world, measuring 75x185 feet and weighing 800 pounds.

Old Orchard, Me.—David Lewis wins the 100-mile auto race at Old Orchard Beach defeating a strong field.

New York, N. Y.—The Fall River Line steamer Commonwealth puts in for repair after ramming the U. S. S. New Hampshire in the fog.

Tokio, Japan—Antique and interesting pieces of the annual rice fete.

Potsdam, Germany—Kaiser Wilhelm and the King of Bulgaria inspect the troops quartered in the city.

Spetsia, Italy—The Italian navy launching a new device for raising submarine boats which have become disabled.

Plattsburgh, N. Y.—Governor Dix attends the dedication of the statue of the explorer, Champlain.

New York, N. Y.—Mayor Gaynor reviews Fourth of July celebration at City Hall Park.

Late summer hats such as are being exhibited in the millinery shops of the French capital will be pictured.

Vaniman's ill-fated balloon "Akron" will be shown in addition to regular program, commanding today. This balloon was built for a contemplated voyage across the Atlantic near Atlantic City, but when over the Ocean near Atlantic City exploded, killing Vaniman and his entire crew. This film shows the construction of the balloon, Vaniman and his crew taking the balloon from its shed and preparing for flight, and the wrecked balloon in the ocean.

Another feature entitled "Jane Seymour and Henry VIII of England," highly colored and tinted in all its natural splendor, will be among the features. The historical intrigue of Jane Seymour to supplant Queen Catherine of Aragon in the affections of Henry VIII of England is here re-enacted through the pictures in a most realistic style, conveying a vivid impression of the elaborate pomp and ceremony prevalent at that time.

Alice Joyce and Carlyle Blackwell, Kalem favorites, will appear in one of this company's latest portrayals, entitled "Fantasca, the Gypsy," a story of a band of wanderers.

An spectacular Civil War production by the Edison Company in two reels, entitled "The Siege of Petersburg," will be the feature for next Sunday, Monday and Tuesday.

Next Saturday morning between 11 and 12:30, the children and younger folks of Oakland will be entertained with a program of picturesque scenes and comedy films.

## ASSESSOR DODGE RESIGNS POSITION

### Quits Place He Has Held for the Last Fourteen Years.

SAN FRANCISCO, July 24.—Washington Dodge, assessor of the city and county of San Francisco, yesterday resigned the position he has held for 14 years, to take that of first vice-president of the Anglo and London-Paris National bank.

John Ginty, who had been chief deputy of the assessor for several years, was appointed by Mayor Ralph to fill out Dodge's unexpired term, the latter's resignation taking effect Aug. 1.

"It is with deep regret that I am reluctantly compelled to accept his resignation, to take effect August 1, 1912."

"The resignation of Dr Washington Dodge withdraws from the public service one of the ablest and most efficient officials San Francisco has ever known. He has been elected to the office of assessor five times by the electorate of our city and has served 14 years—practically a lifetime."

"During his incumbency he has vastly elevated the office of assessor in importance, dignity and effectiveness. He has enjoyed the full confidence of the public."

"As the official head of the city, I keenly regret his departure from its service."

### FRESNO AWAIT NEWS OF ANOTHER RAILROAD

FRESNO, July 24.—Another railroad prospect for Fresno has been announced as the result of the visit to this city about three weeks ago of J. E. Rogers and J. Hall, engineers of San Francisco. These men negotiated rights of way for a railroad running out of Fresno by the way of Kerman, and also purchased in that territory a section of land which they said, was to be used for railroad purposes.

Although they became acquainted with a number of people while in Fresno, Rogers and Hall did not make known their backers, but the nucleus of a group to finance the railroad has been formed.

Rogers built the Ocean Shore railroad, and both he and Hall are well known in engineering and financial circles.

### OFFICIAL RECORDS GIVE THIS MAN'S AGE AT 185

MANZANILLO, Mex., July 24.—An official investigation into the claim that José Calvario, who died a few days ago at Turpan, was 185 years old, has been made, and it is announced that it is fully established by church records that he was born in 1724. During a period of more than 25 years before his death Calvario was known to the people of the town where he lived as the oldest man in the world. He was active in getting about the streets until a few days before his death.

**PRINCE'S DEATH PLOTTED.**  
VIENNA, July 24.—It is reported from St. Petersburg that a plot to assassinate Prince Katsura, the Japanese statesman, who is now on a mission to Russia, has been discovered by the Russian police. The plot is said, was hatched by Koreans. Katsuma is now closely guarded by detectives.

## STREET RAILWAY CHIEFS ON TOUR

### United R. R. Investment Directors Come to Coast for Conference.

SAN FRANCISCO, July 24.—Mason B. Sterling, president of the United Railroads Investment Company of New Jersey, the holding company for the United Railroads of San Francisco, the San Francisco and Sterns Power Company and numerous other properties, and Judge J. H. Reid, president of the Railways Company of Pittsburgh, Pa., arrived in San Francisco last night on tour of inspection of the company's local properties. They will also attend a conference here with Patrick Calhoun, president of the United Railroads, and G. W. Jackson, president of the power company. Jackson came from Cleveland on the "Cleveland Liner" and stopped to visit his ranch near Sacramento. He will arrive here today. The four men who comprise a majority of the investment company's board of directors will remain in San Francisco a week or ten days.

#### PROPERTIES PURCHASED.

Starring, when asked last night if the United Railroads contemplated the construction of any additional lines in San Francisco for the Panama-Pacific Exposition in 1915, said that was a matter for the president of the company, Calhoun, to decide.

He admitted that the United Railroad Investment Company had acquired the electric power and light and street railway properties in Salinas, Monterey, Pacific Grove and King City, through the San Francisco and Sterns Power Company, with a view to utilizing the surplus power of that company's plants.

The investment company at present controls the United Railroads, the Sierra and San Francisco Power Company, the Coast Valley Gas and Electric Company, the Railroads Power and Development Company and the Coast Counties Gas and Electric Company, recently acquired

## The Recall Principle at Stake

The attempt to recall Mayor Mott and Commissioners Baccus and Turner is an effort to prostitute to evil purposes a provision of the law devised as an agency of good government.

It was aimed at incompetent or corrupt officials. It has been invoked as an aid to misgovernment and to punish capable and upright officials for doing their duty.

This outrageous, unjust and wholly unwarranted attack on Mayor Mott and Commissioners Turner and Baccus is an attack on the recall itself. It is an evidence of how easily that provision of the charter can be abused and twisted from its purpose. It is being employed by the forces of misrule and disorder to break down orderly, capable and progressive government. A victory for the recallers in this instance would be a blow to the recall.

It would be a blow to good government that would disgust sensible men with an instrumentality which can be employed to defeat its own purpose and destroy good government.

Citizens who believe in the recall must therefore vote against the attempt to invoke it against Mayor Mott if they would save it to be utilized at some future time, should it become necessary, to rid the city of grafters and incompetents. The people and the purpose behind the recall in the present instance are convincing arguments against the success of the attempt to revolutionize the municipal government and turn out the best mayor Oakland has ever had at the bidding of a band of non-resident agitators who came here for the express purpose of creating a disturbance.

Many citizens in entire sympathy with the purposes of the recall opposed its incorporation into the charter because they believed that it was an instrumentality which could be misused and prostituted to defeat the very purposes it was intended to serve. They argued that a turbulent and disgruntled minority could at any time invoke it to punish upright officials for doing their duty and could put the taxpayers to heavy expense in their efforts to harass and break down capable and honest officials.

That is precisely what is taking place. Good government and good officials are being assailed by the forces of disorder, by selfish demagogues and chronic office-seekers whose aims are inimical to good government, and who are throwing the whole city into turmoil and putting the taxpayers to unnecessary expense in their effort to overthrow law and order and gain a personal advantage that would work injury to every property owner and business man in Oakland.

The attempt to use the recall as a weapon against good government justifies the fears of the men who opposed its adoption in the first place. It is a weapon that can be used at any time by the minority. It denies the right of the majority to rule. It subjects officials who are doing their duty faithfully to wanton and vindictive attacks which tend to intimidate them and paralyze their efforts to give the city their best service. Success for the malcontents in this instance would deter men of standing, intelligence, self-respect and capacity from seeking or accepting office in Oakland. It would likewise encourage similar attempts in future, with the result that the community would be involved in perpetual confusion and needless expense. Under such conditions the municipality could have no coherent policy and no stable government.

Hence it is the duty of every patriotic citizen to vote against the application of the recall in the present instance, as an attempt not only to unjustly punish honest and capable officials and subvert good government, but to destroy the recall as an instrumentality for good. The recall itself is at stake in this election. A tree is known by its fruits. A fruitage of evil is warrant for the tree's destruction.

Taft is lucky or unlucky in the enemies he has made. Roosevelt denounced him for befriending Lorimer and Lorimer denounced him in the Senate for influencing Senators to vote against him. To cap the climax, the Senate, after unseating Lorimer, adopted a resolution (offered by Bailey of Texas) reprobating him for meddling with the affairs of the Senate.

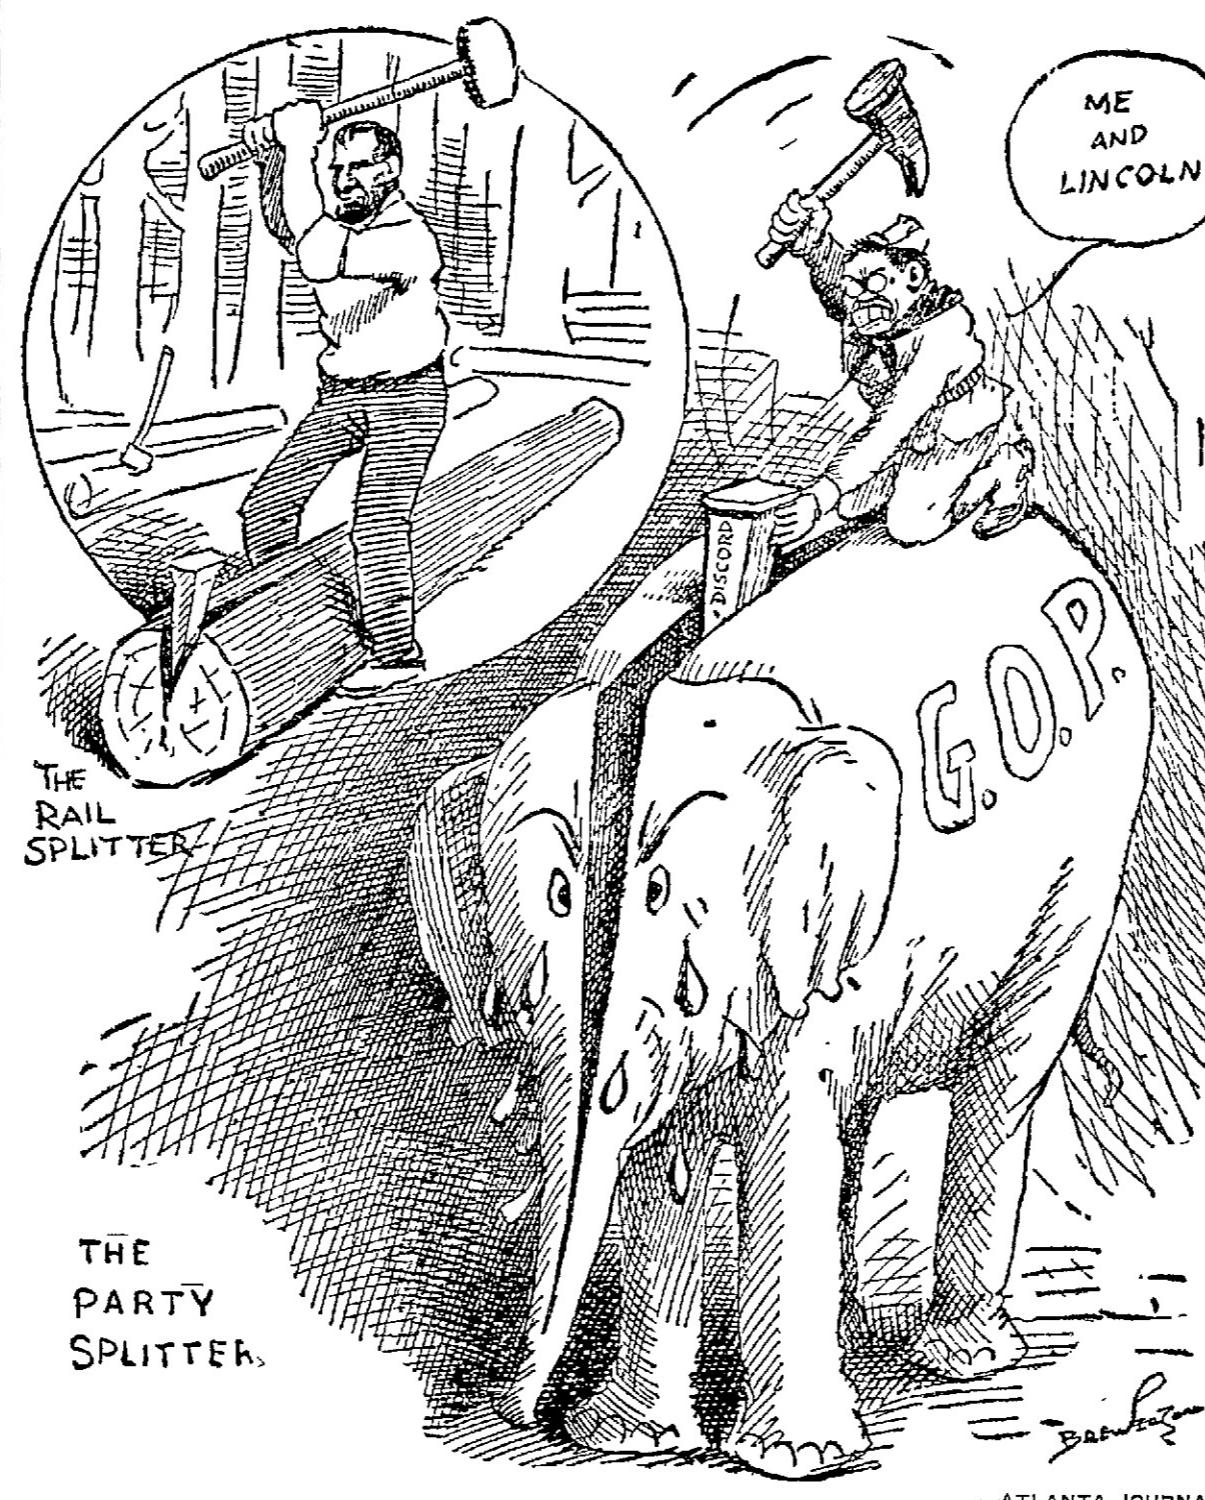

## The Hand of Esau and the Voice of Jacob.

It is to the interest of the transcontinental railroads that the cost of freight carriage through the Panama canal be as high as it can be made. Remitting tolls to American ships would lower the cost of carriage and lower railroad rates. Hence the railroads are opposed to Congressman Knowland's bill remitting tolls on American ships. When the British Ambassador protested the passage of the Knowland bill would be a violation of the Hay-Pauncefort treaty, Mr. Knowland thus expressed himself to the New York Herald correspondent:

"Not the slightest objection was made to the Panama canal bill by the Prime Minister and other officials of Canada. Went to England and, according to information which I have gained, at the instigation of the Canadian Pacific railway urged the British government to protest against the pending legislation. The relations between American railroads and the Canadian Pacific are close and I have little doubt that the suggestion was prompted from this side."

The point is that Congressman Knowland is working for the interests of the Pacific Coast, and is being opposed by the combined influence of the transcontinental railroads, plus the influ-

## HOW TIMES HAVE CHANGED

—ATLANTA JOURNAL.

ence of the British government invoked by the Canadian Pacific railway.

Originally Mr. Knowland's bill contained a provision denying the use of the canal to steamships owned by railroad companies and run in conjunction with railroad lines. This provision struck at the transportation monopoly which has fastened itself on the Pacific Coast States, and which has now become international. However, the railroad lobby at Washington was strong enough to have it stricken out. But the lobby could not stop the passage of the bill, and just as a vote was to be taken in the Senate the British government stepped in with a protest.

The incident shows what powerful influences Congressman Knowland is compelled to combat in his efforts to relieve his constituents from extortionate transportation charges.

## Monopoly in the Guise of Game Protection

We are threatened with more monopoly laws under the pretense of game protection. Carl Westerfield, one of the Fish and Game Commissioners, is reported by the San Francisco Examiner as favoring the enactment of a law forbidding the sale of ducks. Heretofore fish and game protection has been directed with intent to create a monopoly for a privileged class.

Now one of the Fish and Game Commissioners has gone on record as favoring an extension of this system of monopoly at the expense of the taxpayers of the State.

Why should any man, not a monopolist, favor a system of alleged game protection and conservation that denies him the right to buy and eat game if he owns no preserve and is not so fortunate as to enjoy a shooting privilege? What interest has he in preserving game that is sacred against his use? A man who owns a shooting preserve can invoke the law against trespass to protect his game from poachers, but the gun clubs are not satisfied with that. They want a complete monopoly established by law. They want the Legislature to make it a penal offense to buy or sell game. And they ask that this be done under pretense of conserving game for the public.

A more outrageous and unjust scheme was never concocted. A grosser prostitution of law was never attempted. Better let the game be entirely destroyed than to monopolize it by statute. The proposition is to establish a game monopoly and protect it with the machinery of the criminal law. This is not game protection at all. It is not intended to protect game. The object is to shut the mass of the people out of all rights in game and all opportunity for its lawful use.

The people of California have had enough of game monopoly under the pretense of game protection. The present laws are a fraud and a farce, and are not obeyed either in spirit or letter by the men who had them passed. The people will not stand for any more juggling with phrases and pretenses in the interests of persons who will be satisfied with nothing less than a complete monopoly in game. Game is protected by law on the theory that it is the property of all the people. In fact, it is protected for the exclusive benefit of a few and to prevent the mass of the people from using it.

## Oakland Will Fight Annexation

San Francisco is undertaking to annex Oakland and other adjacent bay cities. But Oakland says: "Nay, nay, Pauline!" It does not fancy coming under the political domination of San Francisco and losing its own political independence and municipal identity. It will oppose strenuously the annexation movement.

The attitude of Oakland naturally is to be expected. It is a beautiful residential city, boasting a civic life and a marked prosperity all its own. It has established a great reputation for beauty and enter-

prise, on its own account, with no indebtedness to San Francisco for it. There are many men who live in Oakland but do business in San Francisco who look upon the annexation scheme with disfavor. They would much prefer to maintain Oakland as it is—an orderly, high-reputation, residential city, rather than to drag it into the mire of San Francisco politics and despolyl it of its individuality. What Oakland feels is just what this city feels about annexation to Los Angeles.—*San Joaquin Star*.

## JAMES CAROLAN, CAPITALIST, DIES

San Franciscan Passes Away  
at San Mateo, Aged  
84 Years.

SACRAMENTO, July 24.—Many sections of the state received attention at the hands of the State Highway Commission at its July meeting yesterday and all the work proposed was approved by the state engineering department, advised board at the session held yesterday morning.

The commission adopted the survey of the proposed road across the Yolo basin between Sacramento and Davisville, Yolo county, ordered earlier for the road lead from Redding, Shasta county, to Coles, near the Oregon line and adopted resolutions under which bids will be solicited for the construction of separate roads in the original route line through Stanislaus, Madera, Fresno, San Diego, Santa Clara and Merced counties, aggregating \$93 miles and estimated to cost about \$400,000.

Carolan has been in poor health for several weeks and only recently returned from Santa Barbara, where he expected to recuperate. He came to California in 1849 and practically remained in and about San Francisco since that time, amassing wealth out of the hardware business, in which he was engaged for many years. His wife, his daughter, Miss Emily, and his son, Dr. Herbert Carolan, were with him when he died.

Of his other son, Francis J., who married the daughter of George M. Pullman, has been in Europe on an extended trip for several months, returning to New York but a few days ago, where he met his brother, Edgar, Mrs. Harry Poett of this city and Mrs. W. S. Thilow of New York also surviving Carolan.

Shortly after his arrival in California Carolan founded in Sacramento a mercantile establishment, which subsequently developed into the firm of Carolan & Co. in this city.

Personal arrangements will be made as soon as children are returned from the surviving children in New York. In the meantime the body is at Gray's undertaking parlors in this city.

### VINCENT ASTOR DENIES CUPID IS HIS VISITOR

NEW YORK, July 24.—Vincent Astor, who sailed on the Mauritania today to visit his mother in England, was asked at the St. Regis yesterday whether it was true that he was engaged to Miss Mary Andrews, a prominent society girl.

"That you can deny positively," he said. "I am so sick and tired of denying engagements that there is no use denying them any more and I have ceased to be annoyed about the numerous reports that are printed. It has become a habit for me to deny an engagement about the first of every month in the year. Such a thing as marriage is far from my mind."

Young Astor said that he didn't have any definite plans for the future, but that if his mother should come to New York to live next winter, he would stay with her.

### LUMBERMAN DIES.

ANACORTES, Wash., July 24.—Joseph Whittier of Everett, one of the best-known lumbermen on Puget Sound, dropped dead of heart disease here yesterday afternoon. He was born in Machias, Maine, and was 45 years of age. He came to Puget Sound in the early eighties.

### PULL OUT A HAIR

The Way to Tell Whether or  
Not Your Hair Is Diseased

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. Ninety-eight per cent of the people need a hair tonic. You can make a test yourself that you can see and understand, which will tell you whether your hair is healthy or not. Pull a hair out of your head; if the bulb at the end of the root is white and shrunk, it proves that the hair is diseased and requires prompt treatment; if its loss would be avoided, if the bulb is pink and full, the hair is healthy.

We want everyone who uses it to require treatment to try our new "93" Hair Tonic. We promise that it will not cost anything if it does not give satisfactory results. Rexall "93" Hair Tonic is designed to overcome dandruff, relieve scalp irritation, stimulate the hair roots, tighten the hair already in the head, grow hair and eradicate baldness.

Out of 100 cases where it was given a thorough, conscientious test, it grew hair on 98 heads, which should be sufficient proof that Rexall "93" Hair Tonic contains extraordinary remedial and hair-growing qualities. It is because of our knowledge of this preparation and our sincere faith in its goodness that we want you to try it at once.

Rexall "93" Hair Tonic is a clean, clear preparation which does not grease, gum or thicken the hair, and it has a very pleasant odor. We have it in two sizes, prices 50¢ and \$1.00. Remember, you can obtain Rexall Remedies only at The Owl Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

## STATE HIGHWAY ROUTES DECIDED ON BY BOARD

Commission, in Session at Sacramento,  
Maps Out Many Sections

SACRAMENTO, July 24.—Many sections of the state received attention at the hands of the State Highway Commission at its July meeting yesterday and all the work proposed was approved by the state engineering department, advised board at the session held yesterday morning.

The commission adopted the survey of the proposed road across the Yolo basin between Sacramento and Davisville, Yolo county, ordered earlier for the road lead from Redding, Shasta county, to Coles, near the Oregon line and adopted resolutions under which bids will be solicited for the construction of separate roads in the original route line through Stanislaus, Madera, Fresno, San Diego, Santa Clara and Merced counties, aggregating \$93 miles and estimated to cost about \$400,000.

On the survey already made across the Yolo basin for the Sacramento-Davisville road, the commission practically goes on record as approving the construction of the highway as an especially good plan, a picture of which will probably be approved at the August meeting of the advisory board, when bids will be called for. This road is considered one of the most difficult pieces of work that will have to be handled by the commission, as the tubes over which it will be constructed will necessitate treaties of embankments along the route, and difficulties of getting the Sacramento to the Davisville and other Yolo communities, together with the Sacramento Chamber of Commerce, have been working for many months to obtain action by the authority.

THROUGH REDDING.

The discussion in Shasta county as to whether the McCloud or the Sacramento canyon route should be used for the state highway extending north from Redding to Oregon has again been referred to the commissioners for a survey. This order calls for a survey from Redding up to the McCloud river, crossing the Sacramento at Astoria, and thence along the bank of the Sacramento, Dixie, Shasta and stopping at Coles, on the Oregon line.

The road will go through Redding, the Shasta people standing the expense of the bridge, and will be built across the Sacramento at Redding. This, it is understood, is an absolute condition, and unless it be met by the Shasta county seat, the road will not go through the county seat. The route will avoid the expensive work of crossing the McCloud at Redding.

### MT. HERMON CAMP FIRE IS SUCCESS

### MRS. HAVENS WON'T WED R. M'CRACKEN

Oaklanders Among Those Who  
Are Present at the  
Ceremonies.

MT. HERMON, July 24.—Some two hundred people from Oakland, San Francisco and other parts of the State sat in a big circle around a camp fire among the redwoods at Mt. Hermon Saturday evening and sang the old songs. Mr. Hazel recited "The Fireman's Wedding" and another selection, Horridge and Talbot sang mirth provoking duets and Miss Claire Gibson pleased her audience with her Dutch songs. She is a devoted student of things occult.

The engagement of Mrs. Havens and McCracken followed closely the divorce decree to Mrs. Havens from her husband, Harold Havens in June, 1911. She had alleged desertion upon the part of her husband, and Havens did not realize her suit beyond the fact of his desertion.

Within a month after the interlocutory decree was signed by Superior Judge Cabaniss it was rumored that Mrs. Havens had pledged her contingent freedom to McCracken, who was then living in Portland. On Aug. 1, Mrs. Havens' divorce became absolute only a few weeks ago, and her friends and the friends of McCracken have recently been eagerly awaiting the announcement of their wedding day.

The first marital experience of Mrs. Havens was anything but a happy one. She was contentedly living under her mother's roof in New York, and enjoyed the company of Michael, a society man, in 1906, the Frank G. Havens of Belmont visited New York and established friendly relations with the Cheneys.

It was arranged that Hope Cheney should meet the Havens in Belmont. The visit was made, and before the end of the season it was announced that she and Harold Havens, the son, were engaged. The wedding took place in New York, and the young couple came to San Francisco, where they now reside.

Early in 1910, after much domestic infidelity, young Havens and his wife separated, and she returned to her mother in New York.

In course of time the separation had passed. Mrs. Havens came back to San Francisco, established a legal residence at the Fairmont Hotel, and in June last she instituted her suit for divorce.

### DEBTORS OF MOFFATT ROAD GRANT TIME

DENVER, Colo., July 24.—Rumors that the Hawley interests will dominate the future of the Denver, Northwestern & Pacific railroad, known as the "Moffatt road," seem verified that the generally conceded report that Mr. Erb, the Hawley representative among the road's creditors in the conference here, will be named a local receiver to protect Eastern note-holding interests. While the proceedings at the meeting of the note-holding bank representatives and the Denver representatives of the road yesterday were not made public, it is believed an extension of time on the \$3,500,000 debts they represent was granted until a reorganization contemplated the placing of Mr. Erb in control is effected.

### COUNTERFEITING PLOT REVEALED BY YOUTH

MODESTO, July 24.—After an all night vigil, Sheriff Dingley and Chief of Police Dallas of this city arrested Glenn Porter, aged 17, who was planning to start a criminal career on a large scale.

Porter had been living in a small cabin north of Modesto for five weeks, and during that time, according to a confession made to the officers, had committed a number of burglaries in Modesto, and was preparing to start the counterfeiting of dimes and dollars.

A complete counterfeiting plant with dies, molds, metal and few imperfect coins, were found in the cabin, together with tools from local stores.

The robbery happened to the owner of the stolen goods in the cabin and notified the officers, who waited from early evening until the next day for the return of Porter, who made a full confession as soon as confronted with the evidence of his guilt.

The boy denied having an accomplice. He refused to tell whence he came or anything about his life.

### HUMORIST SEARIGHT DYING IN HOSPITAL

LOS ANGELES, July 24.—Frank T. Searight, humorist and journalist and formerly president of the American Press Humorists' Association, is critically ill at the Clara Barton hospital and his physicians stated today there was practically no hope for his recovery.

Searight, 57, was admitted to the hospital in an automobile accident several months ago, since which time he has been practically helpless.

### PIONEER DWYER OF FRESNO IS DEAD

FRESNO, July 24.—John Dwyer, 84 years, and said to be the oldest living pioneer of Fresno county, died here last night. He came to Fresno with the United States soldiers sent against Indians from Benito in 1852, and helped build Fort Miller on the San Joaquin river. Afterwards Millerton, the first court's seat. Dwyer was also a Civil War veteran.

## JURY POURS HEART BALM ON WOUNDS

## OWLS SEAT NEW SET OF OFFICERS

Mrs. Helen Goodeve Wins  
\$50,000 Breach of Prom-  
ise Suit.

Oakland Nest Makes Merry at  
Largely Attended Pub-  
lic Installation.

PORTLAND, Ore., July 24.—Mrs. Helen Goodeve, a demure and beautiful San Francisco widow, was awarded a \$50,000 verdict in the State Circuit Court last evening against young Robert H. Thompson Jr., whom she had sued for breach of promise.

The affair was under the management of F. W. Eckert (chairman), A. C. Walsh, L. Legris, C. M. Dahlgren and Herman Katz. The Owls' orchestra furnished the music for the songs and dancing.

The program opened with a selection by the orchestra, an address of welcome by Past President A. H. Rehn, followed. Then came a sketch by H. C. Jones and associates; fancy dancing by pupils of Mrs. Wright's dancing school; baritone solo, C. M. Dahlgren; address, T. L. Holden; banjo solo, A. C. Truebody; tenor solo, Neil Campbell; banjo solo, E. W. Holden.

# HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

## Society

MRS. RICHARD SCHOLZ, WHO WILL TAKE AN ACTIVE PART IN SOCIAL GAYETIES THIS WINTER.

**A** PRETTY wedding will take place tonight at the Alameda home of Mr. and Mrs. Augustus James Edwards in Alameda, when Miss Jeanne Burgess will plight her vows with Don Edwards Bailey in a bower of white and pink blossoms. Hydrangeas and sweet peas in quantities will adorn the rooms, and in which nearly 200 friends will gather. Rev. Frank L. Nash will read the marriage service under intertwined hearts of white roses, studded with electric lights.

The bride will make a charming picture in her gown of white satin, trimmed in lace and made with a court train, while the long wedding veil will be worn, confined to the coiffure with a spray of orange blossoms.

She will carry a skeaf of St. Joseph lilies.

Mrs. Ira M. Dentie will attend as matron of honor, and will be dressed in pink satin draped in white silk marquisette, and will carry a trailing bouquet of orange fern.

Miss Edna Curtis, as maid of honor, will be dressed in pink and white and the same color note will be carried out in the gowns of the bridesmaids. The latter will be Miss Florence Reeves, Miss Lucile Brewitt, Miss Margaret Taylor and Miss Martha Linderman.

A wedding supper will follow the ceremony. After a brief tour the couple will occupy their new home in Alameda.

### TO GIVE BRIDGE AFTERNOON.

Miss Ethel Cameron has sent out cards for the afternoon of August 1, when she will entertain at the bridge tables in company with Miss Norma Whitney, bride-to-be. The wedding of the latter with Herman Wilder will take place this fall in New York.

### IN CARSON CITY.

Mr. and Mrs. Felton Taylor are among the bay city folk visiting in Carson City. Mr. and Mrs. Cleveland Baker (Fancy Perkins) have entertained at various affairs, including a smart dinner dance.

### ON MOTOR TRIP.

Miss Mabel Riegelman has been the house guest of Mrs. Joseph Sloss at Mountain View, and this week is enjoying a motor trip through the county with Mr. and Mrs. S. Mitchell.

### TO DANCE.

Mrs. William C. B. De Fremery will give a dance on Friday night at her home in Fairmount avenue in honor of Miss Frances Sherman, an Eastern girl who is visiting in this city.

Mrs. William De Fremery, Jr., has just returned from Santa Rosa, where she has been visiting.

### THEATER PARTY.

Tomorrow evening the members of the Catholic Ladies' Aid Society, branch 35, and their friends will enjoy a theater party at Te Liberty. A number of diners will grace the entertainment. Among those having the affair in charge are Madam James J. Barnett, A. Champoux, A. Spencer, H. E. Magee, the Misses Nora Lyndon and Monica McManus. Miss Nora Lyndon is chairman of the committee.

### REVISITS OAKLAND.

The friends of Mrs. P. L. Schoof are giving her a hearty welcome upon her return from Nome, where she has lived for the last three years. She was formerly Miss Lillian Ingerish, daughter of J. L. Gerish.

### TO GO SOUTH.

Miss Alice Cooper of Honolulu, who has been the house guest of Miss Clara Franck, will leave soon for the South, accompanied by Miss Franck. They will visit in Los Angeles and other southern cities.

### RETURNS HOME.

Miss Margaret Dewing has returned to her East Oakland home after a five weeks' visit with Mrs. W. T. Young in Shikoku county. The latter was formerly Miss Mary Waddell.

Mrs. G. Hildebrand and family have returned from their summer outing on the Russian river with their guest, Miss Louise Neumannacher, of Piedmont.

### AT LAKE TAHOE.

Mrs. Janice Moffit is spending the summer at her bungalow at Lake Tahoe and is continuing in many of her Oakland

years. The lectures are open to the

public.

The tennis has attracted hosts of girls of the Oakland High School, who are organizing teams preparatory to the opening of the season in the local institutions. In the various playgrounds the young people have become enthusiastic over tennis. Several weeks before the formal opening of the playgrounds in this community the members of the Oakland club were directing the play there. The establishment of that playground was the result of the faithful work of Mrs. C. S. Chamberlain, who with a small company of women of the club, supervised the work on the grounds.

With the co-operation of the physical education department of the University of California many changes in the local playgrounds will be advocated by Dr. Beach, who, with the students of the summer school, will visit the pleasure resorts prior to the opening of the public schools.

They are studying the playground situation and will confer with the Oakland playground supervisors and the playground commissioners upon matters of importance to the young people. The university students will also secure practical experience in instructing the youth.

Morewood, De Fremery and Bushnell park playgrounds have been declared to be the best equipped playgrounds in this

area.

The young women owners of the canaries were protesting against the dog-muzzling ordinance and to this end, they

agreed to show the public how cruel it really was to restrict Fido's freedom with an unfeeling wire cage or strap.

## WOMEN IN THE NEWS

### MISS CALHOUN PAYS HONOR TO OFFICER WITH BILL FOR \$7910.93

Town Marshal Is Guest at the Palatial Cleveland Home of Traction Magnate.

**C**LEVELAND, O., July 24.—White George Morris, marshal of Nottingham village, is loitering about the country mansion of Patrick Calhoun, the multimillionaire traction magnate, waiting to collect a bill of \$7910.93. Miss Martha Calhoun is doing all she can to make the officer's stay pleasant.

Morris was embarrassed when he went to the Calhoun home and found both the millionaire and his wife away. He stated his errand and declared it would be necessary to stay there and await Calhoun's return.

"Will you bring your dressing-case upstairs to my room?" politely asked Miss Martha. Miss Calhoun was a bit curious and courteous. Asked Morris if he could stay there, and how long he would stay.

"I don't care if I stay two months," observed Morris. "But I do wish I had a dollar smoke to fit the surroundings."

Judgment against Calhoun was rendered in favor of a California building firm.

### Wins Mining Man

**N**EW YORK, July 24.—The most novel wedding of the year took place last evening on board the Mauretania, when Miss Antoinette M. Schwartz, daughter of Mr. and Mrs. Frederick Schwartz of Riverside Drive, was married to E. Alexander Montgomery of Los Angeles and Nevada.

Without being recognized, the bride and her party boarded the vessel last evening and at once went to their staterooms. To hide, to hide her identity,

she was gowned in a stylish traveling suit and hat instead of the customary white satin and orange blossoms.

The wedding took place in one of the Mauretania's magnificent salons. This was decorated with great quantities of flowers and palms, and music floated gently through the salon. Those present included only the families and their immediate relatives. Except for the strains of music that were occasionally wafted from the wedding room, the passengers hardly realized that anything out of the ordinary was taking place.

After the ceremony, which was performed by the Rev. E. Blake McDonald of the Central Presbyterian church, reception was held, lasting until nearly midnight.

Mr. and Mrs. Montgomery will spend the honeymoon in England and the continent, returning to New York in September.

### Answers to Queries

**C**ONSTANT READER—Peroxide does not act as a hair tonic. It bleaches the hair. If the growth is heavy I would advise you to have it removed immediately before it gets any heavier. The electrical needle is the safest way to remove superfluous hair. If the growth is light you may try to remove it by using one-third ammonia to two-thirds peroxide of hydrogen. The peroxide will bleach the hair and the ammonia will gradually kill the roots.

E. V. D.—I shall be happy to send you the formula for curling hair if you send me a stamped addressed envelope.

**P**EARL—A good cold cream applied to the face before retiring will make the skin smooth. Send me a stamped addressed envelope and I shall send you formulas for a good cold cream and a face bleach.

**C. W.**—I do not advise any woman to change the color of her hair. When once the hair is dyed you will forever be a slave to it. It is hard to dye one's own hair, and hair that looks touched up is horrid. However, if you wish to change the color of your hair, I would not advise you to do it yourself, but go to a reliable beauty shop and have it dyed by an expert. You will be better satisfied with it. Cover the hands with almond oil and then put on an old pair of loose fitting kid or cloth gloves so as to protect the linen. This will make the hands soft. The following lotion is good for corns: Twenty grains salicylic acid, one-eighth ounce alcohol, and one ounce flexible collodion. Apply for three nights, then soak in hot water. Continue this treatment until corns have disappeared. If you will send me a stamped addressed envelope, I shall be glad to send you a shampoo for oily hair.

**SACRAMENTO TO HAVE FLOOD PROTECTION**

**B**ISHOP H. W. WARREN DIES OF PNEUMONIA

**D**ENVER, Colo., July 24.—After an illness of five weeks Bishop Henry White Warren of the Methodist-Episcopal church, who was retired from active work by the general conference last May, died at his residence in University Park at 8 o'clock last night. Pneumonia is attributed by the attending physician as the direct cause of death.

Immediate relatives and the bishop's physician were at the bedside at the time of death. The widow, who had been in constant attendance upon the noted divine since his illness, is prostrated and under a physician's care. Bishop Warren was 51 years old.

**P**HYSICIANS ESCAPE DEATH IN WILD DASH

**S**ACRAMENTO, July 24.—Dr. M. F. McGuire and Doctor Ogilvie of San Francisco and Doctor Griffith of Fresno, prominent physicians, narrowly escaped death in a wild dash with an auto down a grade near Colfax.

All three escaped unhurt, while the machine continued down the hill and was smashed. The car got beyond the control of Doctor Ogilvie on the steep declivity. He tried to stop it by reversing, but this failed, so the three physicians jumped after the wild ride of several hundred feet. The car plunged to the canyon below. The three were on a hunting expedition.

**O**AKLAND'S BOYS AND GIRLS

## THE INCESSANT GIGGLE

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell)

OFTEN wonder what causes some girls I know to giggle incessantly. These girls will laugh, whether from some nervous condition or from a lack of nerves I know not. They are generally fat and healthy, so it cannot be a nervous affection. In any case it is embarrassing, for they begin to laugh the moment you meet them, and you feel quite queer and suspect that there is something funny about you. At any rate you feel really uncomfortable in their presence. It is, unfortunately, a senseless and unbeautiful habit and gives a woman the effect of looking foolish.

I know one pretty girl who would be beautiful if she had some repose. But she screams with laughter at a simple "How do you do?" There is no use trying to entertain such people, as they seem violently entertained all the while. I don't believe they ever really enjoy anything thoroughly good; their enjoyment is all exhausted before the story is told or the book is read. It is really a pity that they do not realize how irritating that giggle becomes after an hour or two in their presence.

It seems to me that some deep breathing exercises would give them repose. I am quite sure that a shock would cure the incessant giggler, but that would be rather severe. In any case it would be a charity to mankind to cure any one with that unnecessary giggle, for it spoils all beauty and upsets the nerves of the listener. There should be a reason for laughter as there should be for tears. Remember, laughter is youthful, sometimes to the point of idiocy.

*Lillian Russell*

**C. D.**—Blackheads and pimples are unsightly and they should be given immediate attention. A clear, fine, healthy, glowing skin is the right and privilege of every person. These troublesome little pimples and blackheads may develop into chronic acne, which proves stubborn. The under layers of tissue become diseased and the process of curing acne is frequently prolonged and tiresome. Every night before retiring give the skin a good cleansing with a cold cream. Apply soap and water and not cold water. This will not do. Cold cream has a far more persuasive effect upon the pores and in softening the skin than that contained in soap and water. Apply the cleansing cream first, rubbing it well into the skin. Wash the face in hot water and plenty of good soap, using a camel's hair complexion brush so as to remove all dirt from the pores. Rinse the face with the warm water, then cold. The cold water is always used last and will harden the flesh and close the pores. If you will send me a stamped addressed envelope, I shall gladly send you a formula for an excellent cleansing cream.

**SACRAMENTO TO HAVE FLOOD PROTECTION**

**P**RETTY CHINESE WOMAN IS SHOT AND KILLED

**S**ACRAMENTO, July 24.—Just as she was entering her room last night Ah Wah, a pretty Chinese woman, was shot and killed by an unidentified assassin. Two shots were fired from a 38-caliber revolver, one entering the back of the woman and the other not taking effect. Soon after the shooting Ah Lou, known as "Louie," who figured in a murder case here several years ago, was arrested.

**RULERS EXCHANGE VISITS.**

**P**UTKAPASI, Finland, July 24.—The Russian Emperor and Empress, accompanied by their daughters, aboard the imperial yacht Standard and the King and Queen of Sweden, aboard the battleship Oscar II, arrived yesterday and exchanged visits.

**KANSAS CITY TO ENTER BALLOONS**

**K**ANSAS CITY, Mo., July 24.—Two full size racing balloons of 80,000 cubic feet capacity will represent Kansas City in the national elimination contest starting here Saturday to choose three American representatives for the James Gordon Bennett trophy race in Germany this fall.

**STUDY MADE OF BIG PLAYGROUND SITUATION**

**S**ACRAMENTO, July 24.—Sacramento citizens by slightly more than the two-thirds majority necessary yesterday voted for the issuance of bonds to the extent of \$837,000 for the improvement of the city's levees and the construction of a by-pass through the Yolo basin to ward off the winter floods of the Sacramento and American rivers.

The bond issue has the support of both the recently retired city trustees and the new city commission. It was agreed to protect against the establishment of dykes systems to the north of the city which have been lately erected by private corporations.

### MORE THAN 78,000 PLAY IN PARKS

### DURING JUNE

Superintendent of Playgrounds George E. Dickie has announced the following figures for the attendance in the local playgrounds: For June, 1912, 78,093; for June, 1911, 45,938. This shows the phenomenal popularity of the playgrounds, which are all under the direction of skilled playground directors. There were 1988 baseball games played, 772 volleyball games and 333 basketball contests.

Daily the playgrounds are open and the playgrounds are constantly in use. The Totoland school grounds, which are occupied in the evening as well as during the day, has attracted hundreds of street urchins. Several weeks before the formal opening of the playgrounds in this community the members of the Oakland club were directing the play there. The establishment of that playground was the result of the faithful work of Mrs. C. S. Chamber

## PLAN NEW ROAD AND WHARF FOR WATERFRONT

## CITY COUNCIL ORDERS LARGE IMPROVEMENT

Fourteenth Street to Be Extended to Rock Wall in Key Route Basin.

Work Will Be Rushed to Completion; Third Apron Wharf.

Plans for a trestle roadway extension of Fourteenth street west across the tides to the new rock wall and levee in the Key Route basin and for the construction of an apron wharf to accommodate river shipping at the terminal of the street will be prepared immediately by Assistant City Engineer Thomas Risley in accordance with resolutions passed by the city council this morning.

The improvement, which is part of the extension plan for the development of the Key Route basin, will be rushed to completion as soon as the plans are adopted, and it is promised that the extension of the street and the wharf will be in commission and serving the city within four or five months.

AGREEMENT WITH RAILROAD.

The extension of Fourteenth street will cost approximately \$25,000, but as the street when extended will be planned for a considerable distance on both sides by the land of the San Francisco and Oakland Terminal Railways Company, better known as the Key Route, a tentative agreement has been reached by which the transportation company will probably pay about one-half of the cost. Money is on hand in the bond funds for waterfront improvement to pay this city's portion of the expense.

The extension of Fourteenth street to the western waterfront has been sought by the commercial interests for some time, as it has been felt that the development of the western section of the city was vital in the plans for progress. At present there is only one approach to the great harbor, which will be developed in the Key Route basin, that of Seventh street. The extension of Fourteenth street will mean a material benefit.

TO BUILD TRESTLE.

It is planned to run a trestle of first class piling, surmounted by a first class roadway 15 feet in width, and a sidewalk about four feet in width, from the present shore line 4022 feet westward to the rock-wall and levee which has recently been constructed across the Key Route basin from the Southern Pacific mole almost to the Key Route pier. This trestle roadway will be constructed along the most modern lines and will be as nearly permanent as possible.

The temporary plans have already been prepared by Assistant City Engineer Risley and the detailed plans and specifications will be ready for adoption by the city council as soon as the agreement with the Key Route as to sharing the expense has been reached.

It is proposed to place an apron wharf at the foot of Fourteenth street thus extending the depth of water in the Key Route basin at this point so that it will accommodate river traffic without additional dredging at this time.

THREE APRON WHARVES.

The apron wharf will be 200 feet in length, running parallel to the levee and will be 60 feet in width, and will be similar construction to the two apron wharves now being erected at the south end of the levee adjoining the Southern Pacific mole and the extension of Seventh street. These two apron wharves, now being built, will accommodate the deep sea shipping, while that at Fourteenth street will be for river traffic. The two at the end of Seventh street are known as Sections 1 and 2, while that planned for the other end at Fourteenth street will be Section 3 of the Key Route wharves.

Plans are now being made for the construction of a roadway and street along the crest of the levees, connecting Sections 1, 2 and 3 of the wharves and the two approaches to the basin, Seventh and Fourteenth streets. This roadway will front upon the harbor and will be backed by the reclaimed tidelands. Dredging is now under way in the reclaiming of these lands.

## NORTH OAKLANDERS ORGANIZE CLUB

The present taxpayers of that district of Oakland, north of Temescal creek and west of Adeline street, to the number of twenty-five, met last evening in the Golden Gate building and formed the nucleus of an improvement club.

The club began by choosing the following temporary officers: J. R. Williams, chairman; C. A. Miller, vice-chairman, and R. S. Wixson, secretary.

Those present were appointed a committee on membership. The club will meet next Monday evening in the same hall to effect permanent organization.

RECORD IS HIS CAMPAIGN ARGUMENT  
SENATOR STROBRIDGE ASKS RE-ELECTION

STATE SENATOR E. K. STROBRIDGE, WHO IS A CANDIDATE FOR RE-ELECTION ON THE STRENGTH OF HIS CAPABLE RECORD.

## True Progressive, He Asserts, Pointing Out He Was One of Movement's Originators

Senator E. K. Strobridge of Castro Valley has announced himself as a candidate for re-election to the State Senate.

Strobridge's many friends are already out in his behalf, and they base their arguments to voters on the record in office of the man they are supporting.

In a recent interview Senator Strobridge gave his reasons for his first entrance into the political arena and why he is entitled to re-election. Said the Senator:

"My first motive and interest in legislative politics was prompted simply by a desire to add one more to the small number of men who were earnestly trying to better conditions in California instead of being content with simply growling about them. To criticize and complain of conditions is quite easy. But to change those conditions spells hard work and hard, persistent fighting, regardless of praise and blame, and there is a difference between fighting for an interest or fighting for a principle. The former has a tangible compensation if successful, while the latter, like virtue, must seek its reward elsewhere. Generally compaisant consent by the great number benefited and a storm of abuse from those whose corns are trodden on. But that is part of the game and, foreseen, no disappointment."

STROBRIDGE IS CONSISTENT.

"I do not pose or claim to be a reformer, but I have callousness on my hands, if not on my conscience, to show that I at least helped pull on the rope that landed popular government high and dry in California.

Those present were appointed a committee on membership. The club will meet next Monday evening in the same hall to effect permanent organization.

ENDORSED BY UNION LABOR.

Senator Edward K. Strobridge was first elected to the Assembly from the Forty-sixth district in 1904 as a Republican and was re-elected again in 1906 with no opposition except from the Socialists.

He was elected to the State Senate in 1908 as a Republican with the Union Labor endorsement. He has served continuously from that time. Senator Strobridge has lived in Castro Valley for thirty-eight years and has been following the occupation of a fruit grower practically all his life. His family was one of the earliest settlers in the vicinity. J. H. Strobridge is the present superintendent of construction for the old Central Pacific railroad and all the branch roads in this state.

THE LATER PASSAGE OF THE PRESIDENTIAL PREFERENCE PRIMARY BILL AT A SPECIAL SESSION WAS EASY, AND WAS ONLY HANDLED BACK TO THE PEOPLE WHAT RIGHTFULLY BELONGED TO THEM. THROUGHOUT AND DURING MY INCUMBENCY IN THE ASSEMBLY, THE NOW CALLED PROGRESSIVE MOVEMENT GREW, THOUGH PAINFULLY ON THE MINOR END. IT WAS DURING MY FIRST SESSION IN THE SENATE THAT WE SAW EARLY VICTORY IN SIGHT. BUT THAT VICTORY MEANT EFFORT AND THE GREATEST CAMPAIGN IN ONE HISTORY.

THE PROGRESSIVE.

"Fourteen of the hold-over senators organized themselves into a committee pledged to progressive policies by means of popular education and a campaign for candidates pledged to a government by and for the people. We held meetings in various parts of the state (at our own expense) and worked hard to that end. And we had at least a share

## MOTHER SAVES SON FROM BLAZE

Mrs. Frank Zacharie Rescues 6-Year-Old Boy When Laundry Burns.

Gold and Jewelry Melted; the Loss Estimated at \$1500.

ELMHURST. July 24.—George Zacharie, 6-year-old son of Mrs. Frank Zacharie, was saved from death this morning by his mother, when Elmhurst French laundry gutted him. The child had heard screaming in the upper rooms by his mother, who rushed up stairs to find the bedroom a mass of flames. In rescuing the child she sustained burns on her face and hands. Her injuries, however, are not serious. The cause of the fire is unknown.

Ninety dollars in gold was melted, in addition to a quantity of jewelry which had been stored in a closet.

The fire department was hindered in its efforts to save the building, 9815 East Fourteenth street, through the lack of adequate water pressure. Mrs. Zacharie, wife of Frank Zacharie, late proprietor of his laundry, was also slightly burned about the head and hands in attempting to save household goods. The loss is estimated at about \$1500. No insurance was carried.

## U.S. SOVEREIGN IN CANAL ZONE

The Hay-Pauncefote Treaty Is Declared by Hannis Taylor to Be Voidable.

WASHINGTON, July 24.—George Taylor, former minister to Spain and a writer on international law, published an open letter here today contending that the Hay-Pauncefote treaty is voidable because of the situation arising out of Panama's ceding the Canal zone to the United States.

"There is no reason for hair-splitting on that point," writes Taylor. "Within the canal zone the United States is sovereign for purposes of international law. Under the law it is well settled that a treaty becomes voidable, not void, whenever a change has taken place in the fundamental conditions existing at the time it was made."

The writer quotes Hall, the English authority on international law, in support of that contention.

Taylor refers to Russia's reputation in 1870 of certain portions of the treaty of 1870 of certain portions of the treaty of 1870 of certain portions of the Black Sea and contends it set a precedent upon which the United States may act. In conclusion the writer continues: "In part . . .

"We must take the firm stand under the well defined principle of international law as promulgated by the Russian precedent of 1870, that after there has been an essential change in the conditions existing at the time the treaty was made it becomes voidable. In that way we can justify lifting the question out of the domain of the international arbitration where we could never obtain a fair hearing into the diplomatic negotiations with Great Britain, where we will be sure to receive fair and friendly consideration."

STANDS BY RECORD.

"As to future conduct I can only promise to continue to stand by the lines on which I have labored in the past in the effort to vindicate the work of giving to the people of California the very best code of laws and administration in this or any other land."

SENATOR STROBRIDGE IS A LARGE FRUIT GROWER IN CASTRO VALLEY.

in the victory of the people at the general election of 1910. I had the honor of being the secretary of that self-constituted organization of Senators and shall never feel proud of the fact. My attitude on important measures such as railroad regulation, simplified election laws, simplified criminal procedure, introduction of etc., text book or any other acts are a matter of public record. As chairman of the committee on education and also the special committee of investigation of the state printing office I think my conduct was satisfactory to nearly everyone except the late superintendent of that office and a few of his favored fellow-citizens who were living high at the taxpayers' expense. The investigation resulted in the restitution of the thousands of dollars to the state and a reduction of 33 to 50 per cent in price of school books, an enormous sum.

## ALAMEDA,

ALAMEDA'S HEALTH  
GOOD, THANK YOUALAMEDA COUPLE CELEBRATE  
50TH WEDDING ANNIVERSARY

PROFESSOR AND MRS. FRANCES D. SOLANO, WHO HAVE BEEN MARRIED 50 YEARS. THE PHOTOS WERE TAKEN IN 1879.

The Births Outnumber Deaths;  
Contagious Diseases  
Are Few.

ALAMEDA, July 24.—Alameda is a most healthful city. This is made evident by the report of City Physician Arthur Hirschman, now on file with the board of health. Dr. Hirschman, in his report, which consists largely of tabulated compilations states that the showing and by Alameda in matters of vital statistics puts the city in a position favorable to favorable to the world.

The total of deaths was 285 in 1911, of which 171 were males and 114 females. Of the births 171 were male and 181 female. The birth figures for 1911 showed that 32 young Alamedans died during that year.

Of the deaths only 21 were from contagious diseases, the others being due to accidents and natural causes. Eighteen of the 21 deaths from tuberculosis, four from typhoid fever, two from diphtheria, and one from cerebro spinal fever.

There were 19 stillbirths, of which in 12 cases only the sex was recorded. The 12 cases were as follows:

Males 16, females 13.

Dr. Hirschman reports that he has instituted a record of cases treated in the Emergency Hospital. Not only is he the doctor, but prior to his administration the hospital has been perfectly equipped in every way and enlarged. It is now suited to handle any kind of a case. Modern implements and apparatuses have been added to the various conditions reached. The record will show the complete history of each case treated, with all details bearing upon it.

City Food Inspector and Veterinary Commissioner have been granted a four weeks' vacation. During his absence Dr. J. B. Brown of Los Angeles will attend to the veterinary work, and Sanitary Inspector Eugene Mallot will look out for the public health.

The reports of the veterinary and sanitary inspectors are also on file.

ALAMEDA TO TRY NEW  
TRACTOR FOR FIRE TRUCK

ALAMEDA, July 24.—Dr. F. Nielsen, who was awarded the contract for the construction of a tractor to draw hook and ladder truck No. 1, has completed his plans and drawings for the machine.

The machine is to consist of the front wheel of the truck supporting the rear of the drawing mechanism.

The tractor is to be so constructed that it can be detached from the truck, a piece of the rear wheels to five minutes. The new tractor is guaranteed to draw the truck at a speed of 20 miles an hour.

It will be equipped with pneumatic tires and the regular wheels of the truck will be steel tires scored so as to insure traction. The power will be furnished by a 35-horsepower Toledo engine. It will require about two months to construct and will be delivered for three years. The cost will be \$800.

At the last meeting of the city council the expenditure of the money was au-

thorized.

CONTRA COSTA BOURBONS  
TO SELECT CANDIDATE

RICHMOND, July 24.—A party, consisting of A. C. Lang, Mayor J. C. Owens, John Roth and Bert Faris, in the latter's automobile yesterday for Contra Costa to West Creek to attend meeting of the Democratic leaders of the county for the purpose of making a selection from the upper end of the county of a candidate for the assembly to represent that part.

It is believed that J. D. Barr, of Walnut Creek will probably be the standard bearer for that office in Contra Costa county, and enter the fight against Attorney T. D. Johnston of Richmond, who is to be the candidate of the Green wing of the Republican party, or of the case may be. Bussey is one of the substantial and well known men of the interior of the county and independent.

Democrats feel that if he accepts the nomination he will be honored by receiving many Republican votes from the Taft people.

BIRTH AND DEATH RATE  
REPORT AT RICHMOND

RICHMOND, July 24.—In his annual report to the city council, Health Commissioner C. R. Blake shows that there were 218 births during the past year, 102 males and 116 females. The total number of deaths was 160, of which 84 were males and 46 females. Only 57 of the total number of deaths reported were actual residents of the city.

## BREAKS MISSING MAN.

BERKELEY, July 24.—The police have been asked to assist in the search for Joseph Gomez, employee of a local laundry, who has been missing from his home and his name unknown. To discover where he was reported to the police by his employer, M. G. Cavaliere. He is 48 years of age, 5 feet 6 inches in height, weighs 165 pounds and is dark eyed and dark complexioned.

## RICHMOND NOTES

FILES CLAIM OF \$1000  
AGAINST CITY OF ALAMEDA

ALAMEDA, July 24.—Mrs. Dolores Baldwin, as guardian of the estate of William K. Knobell, an incompetent person and widow of the late Frank C. Knobell, Krauth, who was found dead in his bed two months ago, has filed a claim against the city of Alameda for \$1000. Her action is based on an act of that Legislature which provides that when any fireman who has served 10 years in the service is entitled to remuneration in the sum of \$1000 from the city, in the event of his death.

A grand fire on a vacant lot adjoining the Lasalle furniture store last evening caught the side of the building, a frame structure, and for a time the entire building was threatened with destruction.

Secretary D. A. Nichols of the board of trade is busy today with the county commissioners, trying to obtain an additional site for a film showing Richmond drama for eastern exhibition.

The Standard Oil Company has just contracted with local manufacturers for 5000 and common brick, to be used in the construction of a new theater in this city. This amount of new construction in our own work by the Standard company will equal thirteen times the amount of brickwork on the new and large business buildings which are being erected here or thirteen of any business blocks. From this some idea can be obtained of the importance of the expansion going on here.

The Standard Oil Company has just contracted with local manufacturers for 5000 and common brick, to be used in the construction of a new theater in this city. This amount of new construction in our own work by the Standard company will equal thirteen times the amount of brickwork on the new and large business buildings which are being erected here or thirteen of any business blocks. From this some idea can be obtained of the importance of the expansion going on here.

INSPECTOR TAKES BRIDE  
ON HIS VACATION TRIP

Acting Inspector Andrew Wallman of the

Oakland police department reported to

Captain of Inspectors Petersen his in-

tentions to leave on a bachelor vacation

last Monday, but when he took the train

yesterday at Lake Tahoe he had become

beneficent. Wallman married Miss Agnes

Carroll of 78 Rio Vista Avenue, Oakland

an hour after the train pulled out. Mrs.

Wallman was a teacher in the San Fran-

cisco school department. After a honeymoon

the couple will return to Oakland and reside in a bungalow recently pur-

chased by the Inspector.

\$3000 AUTO BURNS.

The proximity of a gasoline tank to a

lighted match when the automobile belongs

to A. W. Higgins, 955 Myrtle street,

was the cause of a fire which started in the

second and Grove streets, in which the

automobile was destroyed and nominal

damage done to the building. The au-

tomobile was not insured and the loss is

estimated at about \$3000.

MONEY TO LOAN

**MONEY-BACK SMITH**  
WASHINGTON STREET CORNER TENTH  
Green Trading Stamps Free With Every Purchase**RETURNS FOR VISIT; HAS JAIL APARTMENT****SAN FRANCISCO PAIR WILL TRY IT AGAIN**

FRESNO, July 24.—The return, yesterday, of P. Nelson, former under sheriff of this county and son of the first treasurer of the county to Selma with his second wife to visit her relatives was the occasion for his arrest on complaint of the Fresno county humane society, on a charge of failing to support his minor children.

Eight years ago Nelson left Fresno suddenly, and, it is charged, eloped with a Miss Wright, leaving his wife and several children, including a three-months old baby, without means. Since then he is said to have been in Oregon, New Mexico and other coast States, but never to have come within California jurisdiction, as far as his wife was aware.

About two days ago he obtained a divorce from Nelson, then married Miss Wright, by whom he now has three children. He was arraigned, yesterday afternoon, and released on bail. The humane society has announced its intention of making a severe example of his case.

**BROODS OVER RED SHIRT.**

WALLA WALLA, Wash., July 24.—Peter Jakey, a German, aged 50 years, wore a red shirt last Saturday. A fellow workman called him an anarchist, which so troubled Jakey that he committed suicide late yesterday by hanging. Jakey was born in Germany, but was a naturalized American.

**VILLAGE OF REFUGEES.**  
SEATTLE, July 24.—Word was received yesterday by W. T. Boggs, chief of the Alaska division of the federal department of education, that Commander Reynolds of the revenue cutter Tahama had established a village of 92 refugees of the Kamchatka volcano district at the head of Ivanof Bay on the Aleutian peninsula to the westward of the volcano. The natives were landed from the Tahama July 8.

The girl's parents opposed the first marriage, locking the girl in her room at their home at 420 Fulton street, with the mother on guard outside the door to prevent her escape. They did not lock the window, however, and Cleaver, who had been a policeman and later a saloon-keeper, brought down the girl with a ladder. The two went to Redwood and were married, the parents forgiving them on their return.

They secured their license for their re-marriage in Redwood and went to San Mateo to have the second ceremony performed before Justice of the Peace J. A. McCormick.

The moment the copper wires touched the steel supporting stays of the mast, there was a deafening explosion. The flames shot out in all directions for a distance of more than 100 feet, while at the same instant the tow line parted at a point where it came in contact with a metal plate on the barge.

It was afterward found that the 10,000-volt, the concentrated power of a mountain stream behind it, had melted the steel line, thus cutting off the possibility of the electric current passing on to the launch.

If the towing line had held fast, Lewis is certain that the electric configuration which surrounded the barge would have also seized upon the metal of the launch.

As both Lewis and his assistant were tinkering with the engine at the time, this would have meant the certain death of both men, for the engine would have been melted.

The momentum of the barge carried the mast against the copper wires with such force that they snapped. The electric display immediately came to an end, and Lewis proceeded to board the barge, expecting to find the 15 men dead. The men were going to the salt works to go to work.

It was expected that when Carson was exposed to the intoxicating influence of the atmosphere, he would lose voluntary control of his vocal organs and reply to questions put to him by the physicians.

But during the entire period that Carson was on the table, in the operating ward, no sound escaped his lips. Had the prisoner spoken, the test would have confirmed conclusions reached yesterday when he was subjected to a searching examination by sanitary experts, that his inability to speak was feigned.

But the negative result of yesterday's ether test renders the case more baffling. Carson was brought under guard from Folsom this morning for an examination before a jury in the Superior Court in Judge Hughes' department, on recommendation of J. A. Johnson, Warden of Folsom.

Carson has been under the shadow of the gallows ever since 1906, when he was sentenced to death for participation in the famous Folsom-Quinton prison break of 1904 during Warden Yell's administration.

As an appeal to the United States Supreme Court was taken in Folsom's case, Carson escaped execution through successive reprieves.

"What do you think will be done with you if you are kept here?" he was asked.

In reply the prisoner first gripped his hand with both hands, to indicate the hood and then raised his right arm upwards as a sign of the gallows.

"What did you get at the time of the robbery?" was another question.

Carson told off the answer by his fingers, counting \$22.

In addition to refusing to talk, Carson also declines or pretends not to be able to write, although he is educated to that extent.

**ETHER TEST FAILS IN CONVICT'S CASE****Alienists Unable to Loosen the Tongue of Mum Convict.**

SACRAMENTO, July 24.—The ether test was applied by alienists yesterday to Charles Carson, the condemned Folsom convict, who has not uttered a word for two years and ten months as a final resort to determine whether his apparent insanity is feigned or real. It was expected that when Carson was exposed to the intoxicating influence of the atmosphere, he would lose voluntary control of his vocal organs and reply to questions put to him by the physicians.

But during the entire period that Carson was on the table, in the operating ward, no sound escaped his lips.

Had the prisoner spoken, the test would have confirmed conclusions reached yesterday when he was subjected to a searching examination by sanitary experts, that his inability to speak was feigned.

But the negative result of yesterday's ether test renders the case more baffling.

Carson told off the answer by his fingers, counting \$22.

In addition to refusing to talk, Carson also declines or pretends not to be able to write, although he is educated to that extent.

**MOHAMMEDANS JOIN BRIGANDS OF CHINA**

PEKING, July 24.—A large force

of Mohammedans, who had been

endeavoring to annihilate General Li Yung-hung, the prominent republican and loot the concession in Hankow.

General Li Yung-hung was offered the vice presidency if he would join in the conspiracy.

He immediately informed Li Yung-hung and the conspiracy failed.

It is officially reported that the

Tibetans have been defeated in several

running engagements near Batang in Szechuan province.

It is reported that a plot recently

was discovered to assassinate General Li Yung-hung, the prominent republican and loot the concession in Hankow.

General Li Yung-hung was offered the vice presidency if he would join in the

conspiracy.

He immediately informed Li Yung-hung and the conspiracy failed.

**SUFFRAGETTE LEADER JAILED AS INCENDIARY**

LONDON, July 24.—Sir Robert Smith, leader of the suffragette movement, was arrested yesterday on a charge of complicity in the attempt to burn down the historic residence of Leslie Hare, attorney for the colonies of Ninham Park on July 13. Miss Helen Glaser, a daughter of Sir John Glaser, was arrested at that time. She was found to be carrying a quantity of incendiary material.

She was released on bail.

She was released on bail.
